<sup>1</sup>*Developmental English* is required for those determined by exam.

<sup>2</sup>*Chapel* is required for all full-time students. There are four chapels per week, equivalent to a total of four clock hours. No credit is received for this requirement.

\*Denotes non-academic credits. Only academic credits are included in the minimum requirement of 16 credits for each semester.

**Note:** Credit hours and clock hours are the same unless stated otherwise in the course description.

After one year of study, the student chooses one of the following majors:

**Ministerial:** This major is recommended for those who aim to become pastors, assistant pastors, or youth pastors. Virtually every area of church life and ministry is discussed.

**Missionary:** This major is designed for those who wish to become involved in the great task of world evangelization or cross-cultural ministry. In addition to Bible training, this major provides instruction in missiological issues.

**Christian Education:** This major strives to equip those who desire to work in various areas of the church's Christian education department, including but not limited to the following: the Christian school, Sunday school, youth groups, and Bible studies.

**Music:** The purpose of this major is to develop students for music and worship ministries within the context of the church. Students will be equipped through studies such as music fundamentals, theory, worship leadership, administration, and hands-on opportunities.

**Note:** A student must choose only one major. Curriculum and schedule requirements do not afford a double major.

Students receive a "Cornerstone" certificate upon satisfactory completion of the 1st-Year core earning a minimum of 32 credits, a "Discipleship" certificate upon the satisfactory completion of the 2nd-Year core earning a minimum of 64 credits, and a diploma upon the satisfactory completion of any one major earning a minimum of 96 credits.
